THE PRACTICAL GUIDE TO MAC SECURITY EBOOKS 2019

Author: Gary Rosenzweig

Release Date: Expected @@expectedReleaseDate@@

Learn how to protect your Mac and yourself in an online world. The Practical Guide to Mac Security teaches you how to stay safe online. Learn how to create and use strong passwords to prevent your accounts from being hacked. Find out if you need antivirus software and how you can protect your Mac against malware. Read about scams and cons that try to trick you into granting access to your Mac or installing malware. Learn how to back up your Mac and protect your files and data from disasters.

This book is a guide for the practical Mac user. This is for those who want to buy things online, share over social media and travel with their Mac while maintaining a decent level of security. I'll show you common sense techniques for staying safe online. The idea is not to build a wall around you, but to learn how to look out for problems and avoid common security pitfalls.

I'm going to give you honest advice. You'll learn my personal approach to protecting myself, and I'll share what I recommend to friends and family. Even if you don't follow every piece of advice I give you, I hope that this book makes your computing life a little more secure and safe.

This is the second edition, for macOS Sierra and beyond.
